

26th May 2021

Dear Sir/Madam,

To whom it may concern

I am pleased to write a letter of recommendation for Farhaan Mohammad Sa'ad Beeharry. I have worked with him between October 2019 to June 2021.

As the President, I had the opportunity to give him various responsibilities, work together during various events and projects. As an event organizer, he has successfully planned the events and delivered successful events both at university and international level. During the academic year, Farhaan also designed posters using Adobe Photoshop and has produced creative ideas. He has shown excellent work ethics and enthusiasm. I also had the opportunity to participate with him in competitions at national level and it was a pleasant experience. He is an independent learner and has contributed significantly to the competition with his great problem-solving skills.

I would expect Farhaan to perform well in different environments. He has demonstrated excellence in all that he puts his mind to, whether it is in designing, collaborating with others, or learning new content. Please do not hesitate to contact me at ouweshseeroo@gmail.com for any further information.

Yours faithfully,

Ouwesh Seeroo
